

The background of the image is a soft-focus collage of various craft supplies. In the foreground, there are several orange and yellow markers lying on a stack of papers. To the right, a white stamping pad with green text is visible. The overall color palette is warm, with shades of orange, yellow, and pink. The text is centered in a white rectangular box.

TURN YOUR HOBBY INTO FREE CRAFT SUPPLIES

A Simple Guide to Saving Money While
Doing What You Love

Why This Matters

Your creativity is an investment — and it can actually pay for itself! Whether you craft for fun, to de-stress, or to share with friends, becoming a Stampin' Up! demonstrator lets you:

- Save 20–25% on every order
- Get early access to new products and catalogues
- Earn rewards and commissions that turn into even more craft supplies

This guide will show you how easy it is to get started and start saving right away.

Quick Wins You'll Love

- **Instant Discount:** As soon as you join, you start saving 20%.
- **Free Products:** Earn Stampin' Rewards with orders — just like when you were a customer.
- **Exclusive Access:** Be the first to see (and play with!) new products.
- **Flexible Earning:** Share your projects with friends — every order they place helps you earn even more.

Joining is simple and affordable:

Imagine this: you sit down to place a \$300 order. Because Stampin' Rewards are available to everyone, you immediately earn \$30 in product credit. But as a demonstrator, you also save 20% — that's \$60 off the top. Suddenly, your \$300 order only costs \$240, and you still have \$30 to spend on more goodies. That's a \$90 win right away.

And here's my favourite example: a friend of yours sees what you're making and places a \$150 order through your online store. They get their 10% Stampin' Rewards, and you earn 20% commission — that's \$30 you can put straight back into your crafting budget. Your friend gets beautiful supplies, you get more free crafting money — everybody wins.

My Story

When I first joined Stampin' Up!, I told myself I was "just in it for the discount." Within a few months, my orders were costing less, my friends were ordering through me, and I was earning enough commission to pay for my next box of stamps. It felt like my hobby had started to fund itself — and that was such a freeing, exciting feeling. Today, I help other crafters experience the same joy and freedom.

Your Easy First Step

Here's what I recommend:

1. Join us for our next Opportunity Night — a free 30-minute Zoom session where I show you how to get started and answer your questions.
2. Grab your Starter Kit and pick your favourite \$235 in products.
3. After you've joined my team. Download my 90-Day Starter Plan to see exactly what to do next.
